

“JESUS CHRIST: 1ST CENTURY RADICAL”

A RIGOROUS, RUTHLESS, INVESTIGATIVE JOURNEY TO DISCOVER THE TRUE, DIMLY LIT IDENTITY OF THE PAST’S MOST TALKED ABOUT MAN. FEATURING RECENTLY UNCOVERED AND UNRAVELLED DOCUMENTARY EVIDENCE THAT REVEALS:

▶ Jesus’ human identity; Yeshua’-bar-Yoseph was a 1st Century political revolutionary, who led an armed band of insurgents around a power base of sympathisers. Radicalised young, he openly labelled Caesar as a false god and was executed for subversively opposing the payment of taxes to the Romans. He was apprehended whilst on a covert, “dead of night” mission in the shadow of a Roman Garrison; members of his band were armed

▶ Judas Iscariot, far from being a simple traitor was, in fact, a political “plant” or spy – the Romans sought Jesus’ arrest. In our times, Judas would almost certainly be considered a hero for handing over a feared terrorist leader to the authorities

▶ Mary of Magdala; possibly history’s first recorded “fan” or “groupie”, new evidence suggests that she may not have been able to bear children. Wealthy Mary sympathised with Jesus and his brigands as they went about their dark, nationalistic mission
